To the current Crestline Village Water District Board of Directors,

It has come to my attention that there is going to be a vacancy on the Crestline Village Water Districts' board. I would like to formally put my name in to fill the vacancy when it becomes available. I am currently the Operations Manager at Crestline Sanitation District and would like to get more involved in the community and serve on a local Board.

I also currently serve as a three year Director on the Desert and Mountain section California Water Environmental Association board. This is the largest section of the CWEA in all of California. I have served for two years and thoroughly enjoy serving the members of the CWEA as well as helping shape the CWEA and keep it headed in a direction that is great for protecting the environment.

At Crestline Sanitation I attend all the Board meetings and have a good working knowledge of how a Board works. I have attended many classes in the CSDA including, So you want to be a General Manager, Strategic Conversations: A new way of strategic planning, A leaders' guide to building and keeping trust with your Board and A General Managers guide to bringing out the best in their boards.

I have lived in Crestline for approximately 27 years, I am a property owner and a proud father of 4 children, 17, 14, 13, and 2 years old. Crestline has been very good to me and my family and I would love to serve on the Board to understand more about the water company, its' rates, and also help keep the public informed as to the Direction and the Mission of the Crestline Village Water District!

I hope you will consider me for the vacancy,

Sincerely,
