

## *Memo*

---

To: Board of Directors  
From: Staff  
Date: October 26, 2022  
Subject: Purchase of John Deere 324G

RDO Equipment Company has given us a contract to sign for a new Skid Steer. This contract is a non-binding agreement to place a hold on a Skid Steer that will be available for purchase in June 2023.

The original quote for the John Deere 324G is \$87,057.42 plus a Preventative Maintenance charge of \$21,406.71. The District has opted out of this charge as we perform all upkeep on our tractors in house which was also recommended by RDO.

We will also be getting a government discount of \$12,956.04. The total cost before tax will be \$74,101.38. Manager Dave Sale will be able to provide more details.
