The following represents our understanding of the services we will provide the Crestline Village Water District.

You have requested that we audit the basic financial statements of the Crestline Village Water District (the District), as of June 30, 2022, and for the year then ended and the related notes, which collectively comprise the District's basic financial statements as listed in the table of contents. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter.

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) and State Controller's *Minimum Audit Requirements for California Special Districts* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Accounting principles generally accepted in the United States of America (U.S. GAAP), as promulgated by the Governmental Accounting Standards Board (GASB) require that supplementary information, such as management's discussion and analysis (MD&A) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of America, (U.S. GAAS). These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by U.S. GAAP.

To the Board of Directors and Management  
Crestline Village Water District

This RSI will be subjected to certain limited procedures but will not be audited:

1. Management's Discussion and Analysis
2. Pension Related Schedules
3. OPEB Related Schedules

Supplementary information other than RSI will accompany the District's basic financial statements. The identified supplementary information will be presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information, which is the responsibility of management, will be subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Our auditor's report will provide an opinion on the supplementary information in relation to the basic financial statements as a whole:

1. Schedule of Utility Plant and Accumulated Depreciation

Also, the document we submit to you will include the following other additional information that will not be subjected to the auditing procedures applied in our audit of the basic financial statements:

1. History and Organization
2. Statement of Net Position Comments
3. Revenue and Expense Comments

### **Auditor Responsibilities**

We will conduct our audit in accordance with U.S. GAAS and the State Controller's *Minimum Audit Requirements for California Special Districts*. As part of an audit in accordance with GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

To the Board of Directors and Management  
Crestline Village Water District

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

### **Compliance with Laws and Regulations**

As previously discussed, as part of obtaining reasonable assurance about whether the basic financial statements are free of material misstatement, we will perform tests of the District's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance, and we will not express such an opinion.

### **Management's Responsibilities**

Our audit will be conducted on the basis that management acknowledge and understand that they have responsibility:

- For the preparation and fair presentation of the basic financial statements in accordance with accounting principles generally accepted in the United States of America;
- For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements;
- To provide us with:
  - Access to all information of which management is aware that is relevant to the preparation and fair presentation of the basic financial statements such as records, documentation, and other matters;
  - Additional information that we may request from management for the purpose of the audit;
  - Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.
  - A written acknowledgement of all the documents that management expects to issue that will be included in the annual report and the planned timing and method of issuance of that annual report; and
  - A final version of the annual report (including all the documents that, together, comprise the annual report) in a timely manner prior to the date of the auditor's report.
- For including the auditor's report in any document containing basic financial statements that indicates that such basic financial statements have been audited by us;
- For identifying and ensuring that the entity complies with the laws and regulations applicable to its activities;
- For adjusting the basic financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the basic financial statements as a whole; and
- For acceptance of nonattest services, including identifying the proper party to oversee nonattest work;
- For maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
- For informing us of any known or suspected fraud affecting the entity involving management, employees with significant role in internal control and others where fraud could have a material effect on the financials; and
- For the accuracy and completeness of all information provided.

To the Board of Directors and Management  
Crestline Village Water District

With regard to the supplementary information referred to above, you acknowledge and understand your responsibility: (a) for the preparation of the supplementary information in accordance with the applicable criteria; (b) to provide us with the appropriate written representations regarding supplementary information; (c) to include our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and (d) to present the supplementary information with the audited basic financial statements, or if the supplementary information will not be presented with the audited basic financial statements, to make the audited basic financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

As part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the audit.

### **Nonattest Services**

With respect to any nonattest services we perform, we will not assume management responsibilities on behalf of the District. However, we will provide advice and recommendations to assist management of the District in performing its responsibilities.

The District's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities.

We will perform the services in accordance with applicable professional standards. Our responsibilities and limitations of the nonattest services are as follows:

- Financial Statement Preparation
- State Controller's Annual Financial Transactions Report

Our firm, in its sole professional judgment, reserves the right to refuse to do any procedure or take any action that could be construed as making management decisions or assuming management responsibilities, including determining account coding and approving journal entries.

### **Reporting**

We will issue a written report upon completion of our audit of the District's basic financial statements. Our report will be addressed to the Board of Directors. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s) to our auditor's report, or if necessary, withdraw from the engagement. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

We also will issue a written report on the Appropriations Limit upon completion of our audit.

To the Board of Directors and Management  
Crestline Village Water District

## **Other**

We understand that your employees will prepare all confirmations we request and will locate any documents or support for any other transactions we select for testing.

If you intend to publish or otherwise reproduce the basic financial statements and make reference to our firm, you agree to provide us with printers' proofs or masters for our review and approval before printing. You also agree to provide us with a copy of the final reproduced material for our approval before it is distributed.

Regarding the electronic dissemination of audited financial statements, including financial statements published electronically on your Internet website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

Professional standards prohibit us from being the sole host and/or the sole storage for your financial and non-financial data. As such, it is your responsibility to maintain your original data and records and we cannot be responsible to maintain such original information. By signing this engagement letter, you affirm that you have all the data and records required to make your books and records complete.

In addition, we will perform an agreed upon procedures engagement related to District's Appropriations Limit. The procedures have been agreed to by the District and the League of California Cities (as presented in the publication entitled *Agreed-upon Procedures Applied to the Appropriations Limitation Prescribed by Article XIII B of the California Constitution*) and will be performed solely to assist the District in meeting the requirements of Section 1.5 of Article XIII B of the California Constitution. The District's management will be responsible for the Appropriations Limit worksheet.

If it is determined a Single Audit is needed subsequent to this engagement letter, we will provide the District with another engagement letter covering the terms and conditions related to a Single Audit and the Uniform Guidance.

## **Provisions of Engagement Administration, Timing, and Fees**

During the course of the engagement, we may communicate with you or your personnel via fax or e-mail, and you should be aware that communication in those mediums contains a risk of misdirected or intercepted communications.

Our firm may transmit confidential information that you provided us to third parties in order to facilitate delivering our services to you. We have obtained confidentiality agreements with all our service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have the appropriate procedures in place to prevent the unauthorized release of confidential information to others. We will remain responsible for the work provided by any third-party service providers used under this agreement. By your signature below, you consent to having confidential information transmitted to entities outside the firm. Please feel free to inquire if you would like additional information regarding the transmission of confidential information to entities outside the firm.

Brad Welebir, CPA, CGMA, MBA is the engagement partner for the audit services specified in this letter. His responsibilities include supervising Rogers, Anderson, Malody & Scott, LLP's (RAMS) services performed as part of this engagement and signing or authorizing another qualified firm representative to sign the audit report.

Our fee for the audit will be based on the amount of time required at various levels of responsibility, plus actual out-of-pocket expenses. Invoices will be rendered every month and are payable upon presentation. We will notify you immediately of any circumstances we encounter that could significantly affect this initial fee estimate. Whenever possible, we will attempt to use the District's personnel to assist in the preparation of schedules and analyses of accounts. This effort could substantially reduce our time requirements and facilitate the timely conclusion of the audit. Further, we will be available during the year to consult with you on financial management and accounting matters of a routine nature.

Management is also responsible for the implementation of new standards issued by the Governmental Accounting Standards Board. We will provide reasonable assistance in the preparation of the items noted herein, but any significant time needed to complete the financial statements will be billed separately.

During the course of the audit, we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

You agree to inform us of facts that may affect the basic financial statements of which you may become aware during the period from the date of the auditor's report to the date the financial statements are issued.

We agree to retain our audit documentation or work papers for a period of at least seven years from the date of our report. Upon expiration of this period, we will be free to destroy our records related to the engagement. However, we do not keep original client documents, so we will return those as they are used during each engagement. It is management's responsibility to retain and protect the records for possible future use, including examination by regulators and federal agencies.

We require that a copy of the final trial balance (i.e., a trial balance ready to audit) be delivered to us at least 10 business days prior to the start of the audit, otherwise we may reschedule the start of the audit.

At the conclusion of our audit engagement, we will communicate to the Board of Directors the following significant findings from the audit:

- Our view about the qualitative aspects of the entity's significant accounting practices;
- Significant difficulties, if any, encountered during the audit;
- Uncorrected misstatements, other than those we believe are trivial, if any;
- Disagreements with management, if any;
- Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant and relevant to those charged with governance regarding their oversight of the financial reporting process;
- Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
- Representations we requested from management;
- Management's consultations with other accountants, if any; and
- Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

To the Board of Directors and Management  
Crestline Village Water District

The audit documentation for this engagement is the property of RAMS and constitutes confidential information. However, we may be requested to make certain audit documentation available to regulators, federal agencies, and to the U.S. Government Accountability Office pursuant to authority given to it by law or regulation, or to peer reviewers. If requested, access to such audit documentation will be provided under the supervision of Rogers, Anderson, Malody & Scott, LLP's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the regulators. The regulators may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

### **Non-solicit Clause**

We value each and every one of our clients as well as each and every one of our employees. We have spent a great deal of time and resources to locate, train and retain our employees. We respectfully request that you do not solicit our employees to work for you. If you do hire one of our employees within 2 years of when they last worked for RAMS, we will be due a finder's fee equal to 50% of the annual salary they were earning as of their last day of employment. Payment will be due within 10 days of your receipt of our invoice.
