

Memo

To: Board of Directors
From: Jordan Dietz, General Manager
Date: August 17, 2021
Subject: Surplus Vehicle Bids

At the regular meeting of the Board of Directors in June, staff were directed to advertise the sale of the surplus 2001 Ford F150, Vehicle No. 098005.

After advertising, showing the vehicle to interested parties, and leaving the silent bidding process open for 6 weeks, only a single bid was received. Staff listed the vehicle with a minimum price of \$7,000.00. The bid received did not meet that minimum, and was greater than \$2,000.00 below the minimum price advertised.

Staff recommends authorizing the vehicle to be sold through a third-party service, preferably Gov Deals, as we are registered and set up to work with them already, and have had good experiences selling surplus equipment with their help previously.
